

Plastics & Rubber Vietnam Rescheduled to July 2022

Messe Düsseldorf Asia and Informa Markets Vietnam today announced the postponement of Plastics & Rubber Vietnam, initially scheduled for November this year, to **6 – 8 July 2022** at the Saigon Exhibition and Conference Center (SECC), Ho Chi Minh City.

With the exhibition just a month away, continued social distancing regulations surrounding the COVID-19 situation in Vietnam, coupled with varied quarantine requirements for returning international travellers, has made planning with any certainty and confidence extremely challenging for exhibitors and visitors.

The decision was made after consulting with the local government, partners, and other stakeholders in response to continuing restrictions on gatherings at large-scale events. The new dates will allow more time for normalcy and confidence to return to the market and provide all-round better conditions for exhibitors and visitors to conduct business in a stable and primed market, carrying forward the successful status of Plastics & Rubber Vietnam.

The Plastics & Rubber Vietnam team will reach out to all industry partners and participants on the new schedule for event logistics and planning, and we look forward to welcoming a robust event in July 2022.
