CHEMICALS (P) LTD.

Manufacturer of Flame Retardant Chemicals

PROFILE

Established in the year 1992, **NIKNAM CHEMICALS PRIVATE LIMITED** is engaged in manufacturing, exporting, and supplying of quality environment-friendly **FLAME RETARDANT CHEMICALS** for more than 25 Years and now has acquired the status of the largest manufacturer of a variety of FLAME RETARDANT CHEMICALS in India.

The company has been concentrating on developing new environment-friendly Flame Retardants and Smoke Suppressants in close cooperation with various major industries and research institutes. We have been bringing in new technology and new material in process of product development, and therefore have established a strong and stable R&D process. Our technical innovation and high product Quality receives recognition and trust of the customers, which leads the company to a continuous growth in the market of Flame Retardant Chemicals and creation of its own brand name NIKNAM.

Being in this industry for the last two decades our products are readily & regularly accepted & consumed by various major manufacturing industries all across India & the World.

The company has advance Grinding machines , surface modification line, Micro fine Pulverization Line, drying equipment's etc. and a well-established complete quality control system for monitoring product quality to ensure the quality consistency of the products which meets the customer's requirements.

Possessing a group of experts of international prestige and long industrial experience, we have established a wide range of markets for our products. With Automatic production lines our annual installed production capacity is more than 36,000 Metric Tons of Flame Retardant Chemicals & Fillers.

Registered Office: - 305, Ansal Classic Tower, J Block Community Centre, Rajouri Garden, New Delhi- 110027, India.

Phone Number: - +91-11-25103311, 25103322, 25103344, 47048488 (Direct)

Log us at: - www.aluminahydrate.com **E-mail:** - info@aluminahydrate.com

Works: - **Unit-I:** 796-798, Modern Industrial Estate (M.I.E), Bahadurgarh-124507, Haryana, India.

Unit-II: Plot Nos. 27A36, Denotified APSEZ, Atchutapuram, Visakhapatnam, A.P, India

 **NIKNAM**

CHEMICALS (P) LTD.

Manufacturer of Flame Retardant Chemicals

The Range of Our Products is as follows:-

- 1) Aluminium Trihydrate (ATH) (Coated Grades also Available)**
- 2) Aluminium Hydroxide (Precipitated ATH)**
- 3) Magnesium Hydroxide (Coated Grades also Available)**
- 4) Zinc Borate**
- 5) Flamex / FAM- 501(Smoke Suppressant Filler)**
- 6) Flame Guard (One Pack Flame Retardant and Smoke Suppressant)**
- 7) Calcium Borate**
- 8) Molybdenum Trioxide**

Registered Office: - 305, Ansal Classic Tower, J Block Community Centre, Rajouri Garden, New Delhi- 110027, India.

CHEMICALS (P) LTD.

Manufacturer of Flame Retardant Chemicals

Industries we serve: -

- 1) FR / FRLS PVC Wires & Cable
- 2) FR/ FRLS PVC Compound
- 3) HFFR / ZHFR / Polyolefin Compound
- 4) FR / FRLS Rubber Cable
- 5) PP / HDPE / LDPE Compounds
- 6) Aluminium Composite PANEL
- 7) Specialty Rubber (EPDM, Nitrile, Neoprene, PVC-NBR etc.)
- 8) Silicone Rubber Insulators
- 9) FR Masterbatch
- 10) Fiber Cement Board
- 11) Engineering Plastics
- 12) Rubber & PVC Conveyor Belt
- 13) PVC Calendaring & Flooring
- 14) Suraksha LPG Hoses
- 15) Industrial Hoses
- 16) FRP (Fiber Reinforces Plastics)
- 17) SMC / DMC / BMC
- 18) Catalyst Production
- 19) Water Treatment
- 20) Automotive Components
- 21) Unsaturated Polyester Resin (UPR)
- 22) Fire Retardant Paints & Coatings
- 23) Onyx / Solid Surfaces
- 24) Artificial Marble
- 25) Ceramics
- 26) Thermal Insulation etc.

Registered Office: - 305, Ansal Classic Tower, J Block Community Centre, Rajouri Garden, New Delhi- 110027, India.

Manufacturer of Flame Retardant Chemicals

QUALITY ASSURANCE

As per our quality policies, we have imbibed quality in all our business operations. We ensure all our production and post production processes are carried out under the supervision of experienced quality controllers. Our penchant to ensure timely delivery of the products in the lead-time span provides us an additional advantage. With our stringent quality norms and latest quality instruments, we assure our clients with international quality standard Products.

LATEST TECHNOLOGY

We are driven by the goal of manufacturing quality chemicals that are used in various industrial applications. Usage of latest techniques in manufacturing and quality assessment ensures that all products comply with international standards of safety & usability and find usage worldwide. The combination of mixture diagrams and new techniques can be a straightforward and rapid method of simultaneously optimizing polymer formulations for both flame retardation and smoke suppression.

LAB TESTING

To ensure flawless products, we assure stringent lab testing using various techniques. Our entire operations facilitate in meeting the best norms of our products. We have a team of highly skilled professionals engaged in the complicated task of product testing the final quality approval. Our laboratory procedures have been personally reviewed by our many international clients who have expressed complete satisfaction.

WAREHOUSING & PACKAGING

We have a spacious warehouse to easily store. Our warehouse is segregated to easily accommodate chemicals as per their categories separately. We further follow preventive measures in storing our wide range of products such as storing chemicals under proper labeling at its designate places. Our trained professionals further check the whole range for any spillage and leakage of chemicals in the warehouse. Backed by our successful inventory management, we are able to pack our range of chemicals effectively for catering throughout the globe.
