

PLASTIK STC SDN. BHD.

Our core proficiencies:

- ✓ **Precision Engineering Plastics Injection Moulds/Tool-Making**
- ✓ **Precision Engineering Plastics Injection Moulding**
- ✓ **Precision Engineering Plastics Injection Moulding (Clean Room Class 100k)**

From humble beginnings in **1976**, we have grown into an integrated manufacturer with more than **40 years** in precision engineering plastics injection mould/tool-making and over **30 years** in plastics injection moulding.

Located in Selangor, Malaysia, our strength is in offering a great balance in cost-effectiveness with a skilled workforce at an affordable currency (MYR). Over 75% of our products are exported around the globe and we are well-accustomed to international standards and requirements.

Our focus is on Quality and On-Time Delivery, and towards these goals, we have adopted standards like ISO9001, ISO13485, Underwriters Laboratories & NEBB Clean Room (ISO Class 8) certifications.

Some highlights of our company:

- Precision Engineering Plastics Injection:
 - over 40 years in mould/tool-making
 - over 30 years in moulding
 - machining precision up to 3 microns
- Internationally Recognised:
 - over 75% of our products & services are for export (eg. UK, USA, Europe, South-East Asia)
 - accustomed to international standards and Incoterms
- Experienced:
 - with a wide range of engineering plastics (PP, PA6, PA66, PBT, LCP, POM, PEEK, etc.)
 - across a wide range of products (electrical, automotive, medical, consumer, etc.)
- Responsible for Quality:
 - ISO9001, ISO13485 & Underwriters Laboratories certified.
 - NEBB Certified Clean Room (ISO Class 8)
 - Signatory of the United Nations Global Compact
